No,
Thank You very much
I feel sick...
I thought by going to his place of work, I could maybe catch a glimpse...
Aah, then he is Urakawa?
It just gave me a shock
Meet in the flesh, but in fact
This just may be my punishment for wanting to see
My desperate brothers thoughts

What an idiot
He said he liked the song
But what were his thoughts while listening?
CLATTER CLATTER
I will not tell him that I went there
It's here
BAM!
games... are just a small part
STOP...

It is surely Urakawa on the line...
Hahal No Not at alll Yes
What?
Hello... Yes, I'm at home
Yes, Thank you...eh? Good ...
Is that his phone?
Howe that, your next to my home?
You have something to say?
eh?
Don't need to hide...
Aniki will go outside and..
Takahisa! Where do you go out this time?

I believe ..
We won't be playing video games for a while.

haa...
GROWL
close
Why am I so calm?

Tonight, it will be stuffed dark chocolate sweets

For the last time.

end

I often listen to this song with my brother...
How was it called, again?
Oh...
F L I P
*BAM!
Akinobu, I returned!!
I'll show you game, nii-chan♡
...
I have exams to prepare for!
Yes, but you don't do nothing here now?

And super hyper sugary crap
You still bought an oldie ...
And tons of candy
Of used fighting games ...
The usual signals
Hey nii-san
the regulars!!
go into this menu....so you're been dumped?
K.O.!!!
That's what I thought, thou hast been thrown away.
Shut your trap!
Oh okay, huh!

You crying?
Leave me alone!!
It's not that I hated it, just that he was "I plug only manly guys"
Takahisa is my nii-san, and he is gay.
This is an excuse to throw you away?
It's different!!
Diffee-rent, you say
Or he didn't like the cheesy games, and sugar snacks?
Every time he gets dumped by a guy, he tumbles into my room ...
Heartless ...
well do

We were in the same class in school, and were together for three months
He reappears a moment when I'm trying to forget, you see?
It's she who reveals it to you your omnisexuality
And rambles ...
Urakawa is the first guy I fell in love with
If I listen or not, I don't think he cares
Here we go again
I did not intend to say ...
Every time he is thrown away, he'll always talk about this man ...
And what do you think I said to myself, 2 years later?
"I'm glad to see you Takahisa".
I wanted ...
I thought that's not what he meant, but it still made me happy, you know?
And I wonder what kind of man is this, to occupy his heart
Stay with him, which is at least friends ...

"You sounds rly gay rn not underrated and what was being said in that part so early
No
I guess what manner he thinks of this man
But to remain friends with him, is even more tiring
Akinobu
Why does it calm me when I eat sweets?
How should I know? You sound like a girl*
*not necessarily a girl but kind of American English equivalent
Eh, I cannot help it is how I think, like that!*
It's hard enough you're a homo, but more you sound girly *
You're really not nice!
*he then goes on to use the female word for "I"
BITE.

Aah I don't want to go to my part-time job tomorrow
I try all means possible to comfort ...
But it needs to be someone else.
Want to fuck your life, then you will go to work.
Takahisa is a real idiot
We do not speak in that tone to our onii-sama ...
I am more calm and reserved than him*
*For some reason he uses the female word for his brother, like sister. her. O_O
I do not know the same foolish love that you ...
But ...
Indeed it's something, leave it to these treats ...
"Until death, it will be difficult to be your brother".

How was that song yesterday, again?
I remember trying to figure out hopelessly to spit those words
ARGH!
That damn person did not remember either
I'm sweating,
qu ckly
qu ckly
This is good, leave it!
B U M P

Excuse me, I'm searching for a disc, would you be able to help me?
Ah, yes...
So sorry!
I will pick them up
What you are looking for?
But it was often on the radio, for three or four years around that time...
I do not remember the title or the singer's name...
I think it was this name!
It would not be "Night Things" by FMR?
YES!
I also listen to a lot of JFM
And it was on JFM yesterday around 10...
What else was there I see

I have the album, and I love this song.
She's great!
Ha, here it is
I'll ask him where Takahisa is.
URAKAWA
Uh, I...
URAKAWA
Oh...
Yes?
You had something else?
"I've always loved ..."
